# Making a World Of Difference

## Tempe Sister Cities salutes these humanitarians....

On Thursday, October 6, TSC will present the fifth annual Making a World of Difference. This event was created to honor people whose humanitarian work grew and became an international outreach. The event is held at Tempe Center for the Arts with a "meet and greet" reception with dinner to follow. Tickets are \$75.

The Boot Girls...Five professional women from Texas created "Get Your Boots On" as a way to honor and assist injured veterans as they return from combat assignments. Because there are more than 1.4 million Americans serving in the U.S. military these women want to see an equal number of Americans in a pair of Boot Campaign "give back" boots. This campaign provides a tangible way for people to show support for troops (both past and present). Proceeds benefit partner charities that assist returning veterans dealing with Post Traumatic Stress Disorder and varying degrees of physical injuries. Many celebrities are now wearing "the boots" and helping with the campaign. The "Boot Girls" will be at the Making a World of Difference event...wearing (and selling) their signature boots!

poverty she saw in third world nations. After visiting a micro credit lending program in India Anne and her husband, Terry Guerrant, created the Guerrant Foundation to help women and families improve their lives through tiny loans to start a business. Their goal is to personally give a million dollars and raise another million to help this important cause. So far more than 15,000 small businesses have been created in countries around the world.

Lisa Hopper and World Care... The story began when Lisa managed the radiology department at George Washington Hospital and conducted medical assessments around the world. She saw the need for medical aid...for the basics for life itself...food, shelter and education...and realized that without proper access to education people would never be able to rise out of poverty. As she traveled she brought with her school supplies for the children, supplies she gathered in her home. After moving to Tucson taking a position with the University of Arizona's University Medical Center she began collecting materials in her garage. In 1996 she put all of her retirement savings into World Care and devoted herself to its development. Since then World Care has collected over 15 million pounds of resources valued at over \$40 million dollars and redirected them away from landfills and into World Care programs. World Care was one of the first on the scene at Ground Zero providing supplies and personnel. Today World Care has come a long way from that garage...it provides supplies to more than 150 local nonprofits and reaches more than 60 countries around the globe. World Care is dedicated to providing humanitarian aid in areas of education, health, emergency relief and environment."

Terry and Anne Guerrant... created the Guerrant Foundation in 2005 with the mission to create "lasting change by uplifting the poorest of the world's poor through small loans for micro enterprise." Anne Guerrant was a professional tennis player...played at Wimbledon, the U.S. Open and all the major tournaments. Her record includes wins over Martina Navratilova and Billie Jean King. As she traveled the world she was moved by the extreme

Lisa Hopper founded World Care in 1996. Today, It provides recycled supplies to more than 150 non-profit organizations and 60 countries around the globe. World Care is dedicated to "providing humanitarian aid in areas of education, health, emergency relief and environment.

## Ralph and Alice Goitia named 2011 Don Carlos winners

Longtime Tempe Sister City members Ralph and Alice Goitia will receive the 2011 Don Carlos award on October 10 at a special event planned at the Arizona Historical Society.

This award is presented annually by the Tempe Community Council to recognize outstanding humanitarian service to the community over an extended period of time. It is considered one of Tempe's most prestigious distinctions and brings together the entire community to celebrate those who have dedicated their lives to "giving back." The award is named for Tempe's pioneer founder Charles Trumbull Hayden who was known as "Don Carlos" as he befriended and helped many Tempe pioneers in those early struggle-filled years.

The Goitias who cur-

rently serve as Coordinators for the Tempe-Cuenca sister city program have served the Tempe community for decades as volunteers for Assis-

tance League of East Valley, Rotary International, Dollars for Scholars, CARE 7, as well as Tempe Sister Cities. Ralph served as Superintendent

for Tempe Elementary Schools from 1975 to 1989 and Alice taught bi-lingual education.

CONGRATULATIONS and WELL DESERVED!

Note: Other Tempe Sister City members who have received the Don Carlos award include Leonard Monti Sr., Peggy Bryant, Mac and Mimi Bohlman, John and Betty Waters, Pat Hatton, Lawn Griffiths, Bob and Sue Lofgren, Carol E. Smith, Sue Searcy, Zita Johnson, Don and Bobbie Cassano, Joe Spracale, Dick and Jane Neuheisel, Mel Kessler and Gale Fisher, and Pen Johnson.

## Sister Cities Update

### TSC names 12 outstanding volunteers and supporters to Ring of Honor...

Twelve outstanding TSC volunteers have been named to the TSC Ring of Honor. Their stories will be told at the induction ceremonies planned Wednesday, October 5, at the Dick and Jane Neuheisel Sister City Garden in Kiwanis Park. Each honoree has contributed literally hundreds of hours of service, filled a special need for the organization, and is truly deserving of this honor. The total Ring of Honor honorees will now number 42.

The celebration will begin at 6 p.m. with a reception and music by two artists from Zhenjiang, China. The welcome will be given by Tempe Vice Mayor Joel Navarro and the presentations will follow. All TSC members and guests are cordially invited.

Special thanks to event co-chairmen Virginia and Gordon Cresswell. Photos and accomplishments of the 12 honorees will appear in the next Quarterly.

Stay tuned...

## A journey to Beaulieu sur Mer and Regensburg...

Could there be anything more pleasant than spending a day on the French Riviera or strolling the quaint cobblestone plazas and narrow alleyways of Regensburg? A Tempe Sister City delegation made an anniversary visit to these Tempe sister cities in July renewing old friendships and making new ones.

Tempe and Regensburg became partners in 1976 and a courtship of official visits back and forth followed. Wendy Cresswell and Vickie Winkler were the first students to travel to Regensburg and opened the door to one of the world's outstanding student exchange programs. Some 250 Tempe teenagers have served as summer ambassadors to Regensburg along with some 360 students who have participated in the school-to-school exchange with Albertus Mag-

nus Gymnasium. In addition there have been dozens of educators, city officials, and professional exchanges

between the two cities.

Tempe joined with Beaulieu sur Mer in 1997 and already some 68 Tempe students have enjoyed the summer exchange with their French "brothers and sisters". Plans include an educator exchange in the near future. Members of TSC who have

# Tempe sister cities 2011 Student Exchange... Unforgettable!

Angie Thornton was no newcomer to the many facets of a "Sister City Summer" when she agreed to become the 2011 Summer Coordinator. Her daughter Maycie was a young ambassador to Regensburg in 2005 and son Colby to Lower Hutt in 2007. Angie quickly took

charge and worked with the parents to organize all the needed committees so that some 64 teenagers could have a summer to remember! (Just the grocery list alone for the Grand Canyon camping trip is amazing!) As the summer went along everything went as planned.... except for a few "wrinkles" here and there...but Angie was always on the scene...making adjustments...making everyone happy....and making it look easy! Volunteering for TSC is NOT her only activity. Angie is a founding board member and president of East Valley Boys Service Club, past board member of National Charity League, past member of Tempe Parks and Recreation board, past PTO president and Grad Night chairman (twice) for Corona del Sol high school. SPECIAL THANKS, ANGIE...from all of us...for all your creativity, kind attention, hard work, late nights, and wearing a smile each and every day. You made it a VERY special summer! And now for the GOOD NEWS.... Angie has agreed to serve as Summer Coordinator again next year!

The California Experience... A day at the beach is a highlight as the entire group of teenagers "hits the waves"! These young ambassadors from Zhenjiang, China, had a great time. They are (left to right) Wei Jiayi, He Yasong, Zeng Xiaoxuan and Hao Wenya.

## Summer Exchange Committee Chairmen

Special thanks to ALL the hardworking parents who really make everything happen for the TSC student exchange program! They raise the money, plan all the events...large and small... serve as chaperones and substitute moms and dads when needed...and swell with pride when they realize their teenagers are now "citizens of the world."

The event is sponsored by the TSC Youth organization and held at Shalimar Country Club. Special thanks to the Cinderella Affair which allowed the girls to borrow the "perfect dress" to wear.

# Congratulations are definitely in order as we salute Lauren Gambino and Frank Cernik...

Two 2006 Tempe Sister City "student ambassadors" were recently awarded coveted Fulbright Program scholarships! Lauren Gambino (Regensburg) and Frank Cernik (Zhenjiang) are off on another international adventure!

Lauren, a graduate of Corona del Sol high school, is a 2011 graduate of the Walter Cronkite School of Journalism and Mass Communication and Barrett Honors College at Arizona State University. She graduated Summa Cum Laude and is one of the first eight students to graduate with both a Masters of Mass Communication and a Bachelor of Arts in Journalism and Mass Communication. She is the recipient of this year's Alistair Cook Award in Journalism which is part of the Fulbright International Educational Exchange Program. The program offers grants to study, teach and conduct research and is named after the trans-Atlantic broadcast journalist Alistair Cook. Each year the award is granted to ONE U.S. scholar (Lauren is the first from ASU to receive this honor) seeking a master's degree in journalism or in a related subject leading to a career in journalism. Lauren is also a member Kappa Tau Alpha, professional journalism fraternity, and the Society for Professional Journalists.

Cronkite Dean Christopher Callahan said "We are tremendously proud of all that Lauren has already accomplished and we are confident she will make a real difference in the world through her journalism. This is an extraordinary and richly deserved recognition for a truly remarkable student."

Frank, a graduate of the Peggy Paine Academy at McClintock high school, is a 2011 graduate of the University of Arizona where he received a Bachelor of Arts, Magna Cum Laude in Creative Writing as well as a BA with Honors in English. He is a member of Phi Beta Kappa Honor Society. He has been awarded a Fulbright Program Grant to South Korea and is already living in Jinju, located in the

southern part of South Korea, where he will teach English and Korean film studies in a secondary school.

Frank became interested in foreign languages while still in high school and has since become conversant in Spanish, German, Russian, Latin and of course, Korean. He became intrigued with the Korean culture while studying Korean films in preparation for his Honors college thesis. It was at that time he decided to immerse himself in the people and ways of Korea. He took two semesters of Korean language and obtained TEFL (Teaching English as a Foreign Language) certification prior to his Fulbright application.

Both of these outstanding young scholars report their career choices have been greatly influenced by their Tempe Sister Cities experiences! CONGRATULATIONS to Lauren and Frank for these wonderful achievements. We are confident of their success in all their future endeavors.

**Editor's Note:** The Fulbright Program was established in 1946 under legislation introduced by Senator J. William Fulbright of Arkansas and signed into law by President Harry Truman. The Fulbright Program is sponsored by the U.S. State Department's Bureau of Educational and Cultural Affairs and offers a variety of programs in the United States and abroad. Approximately 294,000 "Fulbrighters" have participated in the Program since its inception...111,000 from the United States and 183,000 from other countries. It is interesting to note that Hans Vielberth, who presided over the Regensburg-Tempe sister city program for many years, was a Fulbright scholar. He attended Tulane University and it was there that he first learned to love America and realized the great importance of international exchange programs.

## Tempe Sister City Youth Group gets ready for another season...

Youth Coordinators Beth Lang and Amy Evans are excited that the fall season for the Tempe Sister City Youth Group is about to begin. New officers will be elected in September and members will decide their scope of work for the coming months. The Youth Group is open to any teenagers in Tempe ages 15-18 and meetings are held monthly on Sunday evenings.

Youth group members will contribute many hours working at the upcoming Oktoberfest. Each will contribute at least eight hours of service in booths and stage areas. Each member also selects one of four committees to serve: Finance/Fundraising, Community Service, Social Activities or Recruitment/ Membership. In addition, all members contribute to extra community service projects for the city of Tempe. In the past they have adopted a needy family, helped pack supplies for Project C.U.R.E. and adopted a Tempe street to clean.

Beth first learned about Tempe Sister Cities when she volunteered at Hackett House and

Oktoberfest through National Charity League. Then in 2010, her daughter Brittany served as a summer ambassador to Skopje and it was then that she "recognized the depth of the Tempe Sister Cities program and the way it changes as well as enhances lives for the entire family." Beth's career has been all about education. She has taught, worked as a staff development specialist for Mesa Public Schools and Kyrene School District. She has served in the roles of assistant principal and principal of elementary schools in Kyrene. Beth is now semi-retired, teaching for NAU at Chandler Gilbert Community College and has her own educational consulting company... EduMentors, LLC.

Amy was a TSC summer ambassador to Carlow in 2005. After graduating from Corona del Sol high school she attended the University of Arizona majoring in Veterinary Science. She is a longtime employee of the Phoenix Zoo where she takes care of "mostly primates." Amy is part of a true "sister city family." Her sister Erin serves as a Coordinator for the Skopje program,

and sister Molly was a summer ambassador to Regensburg in 2009. Their father, Steve Evans, was the Coordinator of the Zhenjiang program for many years and contributes many, many hours to Oktoberfest.

**SPECIAL THANKS** to these two dedicated volunteers!

## DINNER PARTY - COOKING CLASS

Fall Series kicks off on OCTOBER 25... with EDDIE MATNEY, a Valley of the Sun culinary star for decades, as he brings his New England "clambake" featuring fresh LOBSTER, flown in just for this event!

Kathy Andrews presents a fabulous menu featuring selections from the very famous "Inn at Little Washington" and more, on November 8. Then comes the always-fun, always-delicious presentation by Mario Vincitorio of Tempe's popular Vincitorio's as he recreates authentic dishes from Old Italy on November 14. Chef Marc Panas of the catering company "Crumbs"... "All That Is Left With Food This Good!"...will present an array of appetizers and desserts...paired with a special wine-tasting party...on December 6...just in time for holiday entertaining. All classes begin at 6:30 p.m. and a complimentary wine bar is always featured. Advance registration is required. The Lobster class is priced at \$60...the others are \$50....per person. The cost for all four classes is \$210 but for those who sign up for all four classes the price will be \$175...a terrific bargain!
